EXPERIENCE 25 DAYS OF EXCEPTIONALLY MADE GOODS.

Crafted Vancouver showcases a thoughtful selection of the best in local, national and international craft. Through a variety of self-guided events, we celebrate the unique pieces in smaller quantities with greater meaning. Come discover fine craft throughout our city. Get inspired as you become part of the process. Collect thoughts and beautiful things.

- Crafted Vancouver is in its inaugural year and looking to establish its reputation as a passionate supporter of professional craft.
- Over 25 days in May, the festival will feature multiple craft disciplines through a wide array of self-guided events.
- Crafted Vancouver showcases a unique collection of traditional and contemporary craft. We carefully select local, national and international craftspeople whose work provides a unique point of view.
- We promote a culture of connection and collaboration, between craftspeople and programme partners.
- With a fresh format, we're creating a festival for people to explore and discover this year's theme: "Craft is Everywhere."
- Our festival format makes it easy and enjoyable for new craft appreciators and long-time collectors to engage with craftspeople (and for craftspeople to connect with each other).
- Our passion for fine craft is contagious. We're thrilled to share exceptional craftspeople, a behind-the-scenes look at their process, and the beautiful objects that result.
- In a mass-market, disposable culture, there's an opportunity to revive our appreciation for quality goods and reconnect with those who produce them.
- Let's show people the value of craft and encourage them to actively become part of the process.
